To The Board of the
“Kinderhilfswerk Himalaja”

21.03.2022, Yerevan, Armenia

Dear Board Members of the “Kinderhilfswerk Himalaja”,

On behalf of our beneficiaries and the DAA staff I would like to extend our heartfelt gratitude for your good will and ongoing support to Direct Aid Association (DAA)’s two institutions providing essential services to the paediatric patients on treatment in Arabkir MC&ICAH and the paediatric department of the Haematology hospital. For the past two years we have served a wider range of beneficiaries: not only paediatric patients whose families often are in very difficult situation related to the illness, but also displaced families who lost everything as a consequence of the war in Artsakh (Nagorno-Kharabakh). We are endlessly thankful to you for your generosity that enables us at DAA to help many children on treatment and families to overcome some of their hardship and find some relief in their difficult situation.

In DAA we provide services and take care of our beneficiaries through different programs within three institutions, two of which: the hospital school service providing educational services and the Patients’ Family House providing accommodation and other related services are supported by the “Kinderhilfswerk Himalaja”. The financial support of USD 42’000 (Hospital School: 30’000 USD, PFH: 12’000 USD) which was deposited on the DAA account on March 21, 2022 will make it possible to continue providing educational services, temporary accommodation and related services to our beneficiaries in need.

Once again, please, accept our sincere SHNORHAKALUTYUN (thank you) for everything you do from Switzerland to Armenia to make it possible for the DAA staff to help our beneficiaries: paediatric patients and families in extreme need for our services.

Yours sincerely,
Hasmik Tadevosyan
Direct Aid Association President
