To The Board of the
“Kinderhilfswerk Himalaja”

04.03.2024, Yerevan, Armenia

Dear Board Members of the “Kinderhilfswerk Himalaja”,

On behalf of our beneficiaries and the staff DAA Administration would like to thank you for your kind will and continuous support for so many years to Direct Aid Association (DAA) two institutions providing essential services to the paediatric patients on treatment in Arabkir MC&ICAH and the paediatric department of the Haematology hospital. Last year following a difficult situation in Armenian we served a wider range of beneficiaries. Alongside with the paediatric patients whose families are often in a very difficult situation related to the illness of their child, DAA team served paediatric patients from the forcedly displaced families from Artsakh (Nagorno-Kharabakh) being on treatment in the above-mentioned hospitals. Your generosity that enables our DAA staff to help many children on treatment and their families to overcome some of their hardship and find some relief in their difficult situation is highly appreciated.

In DAA we provide services and take care of our beneficiaries through different programs within three institutions, two of which: the hospital school service providing educational services and the Patients’ Family House providing accommodation and other related services are supported by the “Kinderhilfswerk Himalaja”. This year again the financial support of USD 42’000 (Hospital School: 30’000 USD, PFH: 12’000 USD) was deposited on the DAA account on February 27. With this essential financial support, we will continue providing educational services, temporary accommodation and related services to our beneficiaries in need.

Once again, please, accept our cordial gratitude for everything you do to make it possible for DAA staff to help our beneficiaries: paediatric patients and families in extreme need for our services.

Yours sincerely,
Hasmik Tadevosyan
Direct Aid Association President
