To The Board of the
“Kinderhilfswerk Himalaja”

09.04.2025, Yerevan, Armenia

Dear Board Members of the “Kinderhilfswerk Himalaja”,

On behalf of paediatric patients and their families - the beneficiaries of DAA programs and on behalf of our team, DAA Administration would like to thank you for your kind will, generosity and continuous support to Direct Aid Association (DAA) two institutions. The Hospital School and the Patients’ Family House provide essential services to the paediatric patients on treatment in Arabkir MC&ICAH and the paediatric department of the Haematology hospital. In the recent years, alongside with the paediatric patients whose families are often in a very difficult situation related to the illness of their child, DAA staff has been working with paediatric patients from the forcedly displaced families from Artsakh (Nagorno-Kharabakh) being on treatment in the above-mentioned hospitals. The received financial means enable DAA staff to help many children on treatment and their families to overcome some of their hardship and find some relief in the difficult situation they face.

In DAA we provide services and take care of our beneficiaries through different programs within three institutions, two of which: the hospital school service providing educational services and the Patients’ Family House providing accommodation and other related services are supported by the “Kinderhilfswerk Himalaja”. In 2025 the financial support of USD 42’000 (Hospital School: 30’000 USD, PFH: 12’000 USD) deposited on the DAA account on April 8th, 2025, will allow us to continue providing services within the mentioned institutions.

Once again, please, accept our cordial gratitude and appreciation for everything you do to make it possible for DAA staff to help our beneficiaries: paediatric patients and families in extreme need for our services.

Yours sincerely,
Hasmik Tadevosyan
Direct Aid Association President
